Download >>> <http://bit.ly/2NDHuj7>

### About This Game

This DLC is only available to purchase in the USA.

In order to be able to use this add-on livery product, you **MUST** first own the BNSF ES44DC Loco Add-On Loco Add-on. If you check in the in-game store it will verify if you own it before you purchase.[/b]

The first pre-production models of the GE Evolution Series were built in 2003 and were equipped with either AC or DC traction motors, according to the customer's request. Four models in the Series were produced for the North American market, the ES40DC, ES44DC, ES44AC and ES44C4, all with a low emission four-stroke diesel engine.

The ES44DC replaced the Dash 9-44CW model in GE's locomotive roster, and are similar in appearance to the Dash 9 and AC4400CW, although small differences are evident. In total, more than 1,100 models were built primarily for BNSF, CSX Transportation and the Canadian National Railway. Barring those damaged in accidents, the models still continue hauling freight services to this day.

This add-on livery pack presents the ES44AC in two modern CSX livery variants known as "YN3" and "YN3B", and also features new 'steerable' trucks, appropriate to the CSX owned locomotives.

**You must own the BNSF ES44DC Loco Add-On Loco Add-on before you will be able to use this add-on**

The enemy uses the sun's rising as a signal to attack. The mass of bodies is like a flesh-filled tide as it washes up against the wall. Not all of the attackers are human either, as you see many orrok among the Burkk soldiers. Your soldiers shoot arrows and dump boiling oil onto the enemy below in an attempt to stop them from using long, flimsy-looking scaling ladders to breach the wall.

Your undead minions are stationed among the living soldiers and attack any enemies that come within reach. Although their clumsy movements make them poor archers, they are ferocious fighters up close.

- Use my Staff of Storms to take as many Burkk lives as I can.
- Use my Heal spell to cure the wounds of the Duroth soldiers.
- Let Smokey, my dragon, fly over the troops and breath fire upon them as Owen, my bear, helps the soldiers on the wall.
- Defend the wall with a sword in my hand, even though it's very dangerous.
- Watch the assault from a safe distance.
